

LETTER OF RECOMMENDATION

I am delighted to provide this letter of recommendation for Sneha Malik, who I have had the pleasure of mentoring during her time at Vivekananda Institute of Professional Studies - Technical Campus. Over the course of our interactions, I have observed Sneha's exceptional talent in software development and her remarkable analytical abilities, making her a strong candidate for the Software Development Engineer (SDE) position at Symbiotic Consulting Group.

Sneha has demonstrated a remarkable ability to tackle complex technical problems. Her approach to problem-solving is both creative and analytical, allowing her to design effective and efficient solutions. Whether working on independent projects or collaborative assignments, Sneha consistently displays strong coding skills and a deep understanding of software development principles.

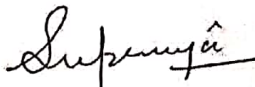

Beyond her technical expertise, Sneha has undertaken several projects that highlight her proficiency in programming languages such as javascript and Mysql. Her hands-on experience and eagerness to explore new technologies make her a well-rounded developer who can adapt quickly to new challenges.

In addition to her technical acumen, Sneha possesses excellent teamwork and leadership qualities. Her ability to communicate complex ideas clearly and work collaboratively with others makes her an asset in any team-oriented environment. She consistently seeks to expand her knowledge and contribute positively, demonstrating a strong commitment to continuous learning and improvement.

I am confident that Sneha will excel as a Software Development Engineer at Symbiotic Consulting Group. Her technical skills, problem-solving abilities, and strong work ethic will make her a valuable addition to your team. I highly recommend her and believe she will make a significant impact on your organization.

Please do not hesitate to get in touch with me if there any further queries.

Thank you for your time and consideration.
